

NEVERKINK

NO KINKS. NO TANGLES. GUARANTEED.

Only Neverkink hoses guarantee no kinks or tangles. The patented Reflex Mesh® technology utilizes a mesh network of reinforcement to ensure a hose that's as easy to maneuver as it is for you to sell.

Neverkink® Extra Heavy Duty

- High strength, lead-free aluminum couplings
- Rigid sleeve prevents kinking at faucet
- All-weather flexible to 45°F
- MicroShield™ guards against mold & mildew

APEX

Over 70 Years of Quality™

Quality is a full-time commitment. Only Apex employs a custom compound and material science division. This allows us to develop patented technologies other competitors can't. Our hoses boast unique features and improvements to meet a wide range of customer needs. From light duty gardening to commercial construction environments, we offer the right hose for the job. Our hoses are proudly made in the U.S.A. and come with some of the best guarantees in the business. For quality, value and innovative engineering, all hoses lead to Apex.

Proven Performers for Every Need

When consumers talk, Apex delivers.

Proprietary research is at the heart of every product design decision we make. This consumer-centric approach allows us to develop products your customers desire. From our new patented sleeve and coupling designs to our (NTS) No Torsion System that prevents kinking and twisting, all Apex hoses are built to sell. It's how we stay ahead of the competition and drive sales for our retail partners. For quality, value and innovative engineering, all hoses lead to Apex.

Sleek new rigid sleeve locks into coupling preventing kinking at faucet. Patented aluminum couplings are easier to handle and crush-resistant.

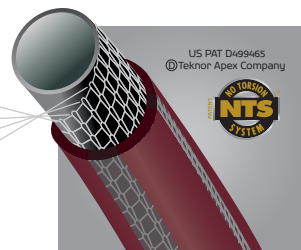

New and improved heavy gauge power coil locks into coupling preventing kinking at faucet. The patented, industrial-grade aluminum couplings are easier to handle and crush-resistant.

Eye-popping packaging facilitates purchasing decisions through a clear trade-up of product features, benefits, and length.

NEVERKINK

Reflex Mesh® anti-kink technology is the only system that actually eliminates typical problems such as kinking, twisting and tangling that occurs in standard garden hoses.

PROP 65 COMPLIANT

All products, are Prop 65 compliant. (excluding rubber hoses)

Made in U.S.A.

PDQ Tray

- Counter/Shelf Display
- Display ready when removed from the box
- No assembly required

Pallet Merchandiser

- Floor Display
- Display-ready
- No assembly required

Gondola Display

- Our easy-to-understand coding system directs consumers to "Buy-Up" with confidence
- Restocking shelves is quick and easy with color-coded categories
- Shelf talkers quickly direct consumers to the right category
- Product features and quality are clearly communicated

A.

A. Soil Soaker

- More Flexible for easier handling and winding
- Consistent soaking throughout – even uphill
- Weeping pores dispense water directly to plant's roots
- Lays flat for easier placement
