Conversion and Feeding Instructions

When introducing a new food, begin with a ration of "old and new" food, gradually increasing the amount of new food over a 7 to 10 day period. This will prevent digestive upsets as well as allow your pet to adjust to the new food. Adjust portions for proper weight maintenance and when feeding additional pairs. Observe any avian food and use dish before each feeding.

Daily Feeding Amount

Parrot (Amazon, African Grey, Eclectus, Phoenix)	1/2 Cup (Approximately 64 g)
Catbirds or Mockers	1 Cup (Approximately 128 g)

Allergen information: Contains peanuts and/or tree nuts.

Ingredients: Graines de tournesol, graines de carthame, grains d'avoine, maïs, maïs moulu, blé, farine de gluten de maïs, farines de pois acariés, millet, millet, arachides entières, haricots, pois, cacahuètes, graines de courrouille, graines de lin (source d'oméga-3), colza, pois chiches, pois chiches, pois chiches pour vertes, carottes de calcium, phosphate de calcium, sel moulu, graine de lin moulu, huile de soja, sel, germes de blé, L-lysine, supplément de vitamine A, culture de protéine, graine de lin moulu, levure désactivée de brasserie, farine de luzerne séchée au soleil, fructooligosaccharide, huile de coco, DL-méthionine, supplément de vitamine E, supplément de vitamine B12, supplément de riboflavine, extrait de levure, sulfate de fer, huile d'orange, huile d'argentea, huile de mangrovia, oxyde de zinc, mélange de tocophérols (conservateur), nickel, complexe de bisulfate de calcium, extrait de romarin, acide citrique, chitosane/chitosane (source de vitamine B12), chitosane de purpura, mononitrate de lysine, acide folique, iodate de calcium, bêta-carotène, biotine, carbonate de cobalt, carboxyméthyle cellulose, sel de sodium, produit de fermentation de Bacillus (Achenbiformis) séché, produit de fermentation de Bacillus subtilis séché, FDAC jaune no. 5, FDAC rouge no. 40, FDAC rouge no. 3, FDAC bleu no. 1.

Instructions pour la conversion et l'alimentation

Lorsque vous introduisez un nouvel aliment, commencez avec un mélange d'aliments "ancien et nouveau", et augmentez progressivement la quantité du nouvel aliment au cours d'une période de 7 à 10 jours. Ceci évitera les problèmes digestifs et permettra à votre animal de s'habituer à l'alimentation d'un nouveau régime. Adaptez les portions pour un maintien de poids approprié et de cas. Observez attentivement l'état de votre animal et utilisez un bol propre et sec.

Quantité de nourriture quotidienne

Parrot (Amazon, Loro gris africain, Loro eclectus, Phoenix)	1/2 tasse (Approximativement 64 g)
Catbirds ou Ara macaw	1 tasse (Approximativement 128 g)

Précautions sur les allergènes: Contient des arachides et (ou) des noix.

Análisis garantizado

Proteína cruda (min.)	15,0%
Grasa cruda (min.)	12,0%
Fibra cruda (max.)	10,0%
Humedad (max.)	12,0%
Ácidos grasos Omega-3 (min.)	0,3%
Total especies de bacterias (min.)	100,000 CFU/g

Ingredientes: semillas de girasol, semillas de cártamo, avena molida gruesa, maiz, maiz molido, trigo, harina de maiz con gluten, harina de soja sin cáscara, mijo, sorgo, maiz entera, trigo rubio, arachis verde, semillas de calabaza, semillas de lin (fuente de omega-3), girasol tostado seco, semillas de algarrobo, carbonato de calcio, bisulfito de calcio, trigo molido mediano, arroz molido, aceite de soja, sal, harina de germen de trigo, L-lisina, suplemento de vitamina A, extracto de levadura, sulfato de hierro, sulfato de zinc, complejo de bisulfato de calcio, extracto de romero, ácido fólico, yodato de calcio, beta-caroteno, biotina, carbonato de cobalto, carboximetilcelulosa, sulfato de sodio, producto seco de fermentación de Bacillus (Achenbiformis), producto seco de fermentación de Bacillus subtilis, FDAC amarillo #5, FDAC rojo #40, FDAC rojo #3, FDAC azul #1.

Conversión e instrucciones para la alimentación

Cuando obtenga un nuevo alimento, comience con una mezcla de alimentos "viejo y nuevo", aumentando gradualmente la cantidad del nuevo alimento en un período de 7 a 10 días. Esto evitará problemas digestivos y le permitirá a su mascota acostumbrarse a algo nuevo. Ajuste las porciones para el mantenimiento del peso adecuado y cuando alimente a más mascotas. Inspecte el alimento que no se haya consumido y limpie el plato antes de servir cada ración de alimento.

Cantidad de alimento por día

Loro (Amazona, Loro gris africano, Loro eclectus, Phoenix)	1/2 taza (Aproximadamente 64 g)
Catbirds o Guacamayo	1 taza (Aproximadamente 128 g)

Información sobre alérgenos: Contiene cacahuetes y/o nueces.

Storage Instructions: A naturally preserved product needs special attention to maintain maximum freshness. After opening bag, remove air and reseal tightly. Use the food within 30 to 45 days. Store in a cool, dry location. Refrigerate or freeze for extended storage.

Satisfaction Guarantee: If you are not completely satisfied, simply return the unused portion with cash register receipt for Kaytee Guarantee.
