

He's back again. Hacking up your course for 18 holes.

Is your turf ready?

If you're not using  **Princess-77**, your busy course might not stand up to abuse as well as it should.

 **Princess-77** is known for its rapid establishment from seed, deep green color, fine blade texture and the ability to handle high traffic (and amateur golfers). Plus, it also has a faster recovery time and uses less water than 419.

 **Princess-77**. Only from Pennington Seed. Available at your licensed seed or sod supplier.
