

NATURAL
TIMOTHY HAY
plus

From the Field to your Home...

At Kaytee we believe quality starts from the ground up. Naturally grown without pesticides, our farmers grow hay specifically for small pets. The way hay is grown, harvested, and stored can determine the nutritional value for your small pet.

Kaytee® Timothy Hay is grown in fertile farmland graced with abundant sunlight and nourished with rocky mountain water. Our hay is naturally grown and harvested with care. Each bale of Kaytee® Timothy Hay is hand selected to ensure long fiber strands and proper leaf to stem ratio to support digestive health. Kaytee® Timothy Hay provides the nutrition your Rabbit, Guinea Pig or other small animal desires and the quality you expect.

At Kaytee, we are committed to harvesting the best nature has to offer.
