NET WT: 15 OZ. (425g)

KILLS AND REPELS

Stable Flies	Horse Flies	Deer Flies
Face Flies	Horn Flies	Mosquitoes
House Flies		Gnats

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Hold container upright, with nozzle pointed away from you and press actuator button, spraying as directed.

TO TREAT HORSES:

To protect animals from attacks of stable flies, horse flies, deer flies, house flies, horn flies, mosquitoes and gnats, spray about 3 seconds on each side being careful to spray legs, belly, neck, back and sides. Cover eyes when spraying face, or spray on sponge or cloth and apply to face as a wipe. Repeat treatment as necessary when flies are troublesome. Brushing animal after applying will bring out a bright sheen.

TO KILL AND REPEL FLYING INSECTS:

Spray in areas where insects congregate. Direct spray to contact insects for rapid knockdown and kill. Spray around outside of door facings and screens to render area unattractive to insects. This helps to repel insects and prevent entrance into building.
