

Growing a better tomorrow, today...

The **Athletic Field Mixture** is the economical seed mixture for use on general purpose athletic fields, high use parks, and for home lawns. The mixture of Turf Type Tall Fescue, Perennial Ryegrass, and Kentucky Bluegrass is quick to establish and provide a durable playing surface. The **Athletic Field Mixture** will tolerate extended periods of high temperatures with remarkable color retention.

Characteristics of the Mixture:

- Outstanding performance under low fertility and poor soil conditions
- Improved resistance to Brown Patch, Dollar Spot, and Leaf Spot
- Persistence under high heat & drought conditions
- Good frost tolerance and winter hardiness
