REPTILE MUNCHIES

VEGETABLE MIX

- Quick and convenient
- No refrigeration required
- A wide variety of pre-cut ingredients

Zilla® Reptile Munchies Vegetable Mix is a quick and convenient way to provide reptiles a variety of desirable green vegetables they prefer. Select sun dried and dehydrated ingredients are specifically chosen for herbivorous reptiles like Bearded Dragons, Uromastyx, Iguanas, and Tortoises.

Nutritious and high in beneficial vitamins, Zilla Reptile Munchies are ideal for feeding alone, in addition to leafy greens, pellet diets, or as a treat.

By using select dehydrated and sun dried ingredients, Zilla Reptile Munchies will more fully rehydrate while maintaining beneficial nutrients and appealing color. This also allows for convenient storage of the unused food by simply resealing the bag - no refrigeration required.
