FEEDING GUIDELINES: If your puppy is 5 months or less feed the recommended total daily amount divided into three small meals a day, once he/she is ready for solid food. From 6 to 12 months, feed the daily amount divided into two meals a day. From 13 to 18 months, feed once a day, except for dogs whose daily ration exceeds two cups: these dogs may be fed twice a day. Please use this chart as an initial recommendation only. Every puppy is different and may have special feeding requirements based on exact size, age, activity levels, and body condition. Avoid overfeeding. Keep fresh, clean drinking water available at all times for your pet.

*Not recognized as an essential nutrient by the AAFCO Dog Food Nutrient Profiles. All Measurements in Cups.

**Add 1/3 cup for each 10lbs over 100lbs. Calorie Content: 3800 Kcal/kg (calculated). Grandma Mae's Country Naturals is formulated to meet the nutritional requirements established by the AAFCO Dog Food Nutrient Profiles for "All Life Stages"
