

Does your dog's urine yellow your lawn?
 GrassSaver contains healthy ingredients that help to diminish those yellow spots when given to your dog on a daily basis.

Give Daily To Dogs

Give with food (Do Not Use For Cats)

0 to 10 lbs - 1 tab 51 to 79 lbs - 5 to 6 tabs
 11 to 19 lbs - 2 tabs 80 lbs. and over - 7 tabs
 20 to 50 lbs - 3 to 4 tabs

Double the daily amount for the first 2 weeks. If you do not see results after 2 weeks, please call us at our toll free number for further assistance. If your dog is on a "prescription diet" by a veterinarian, or if your dog has a metabolic disease (particularly liver or kidney dysfunction) then consult your veterinarian before using. Feed only the recommended amount to avoid adverse effects of excess methionine consumption.

This product is intended for intermittent or supplemental feeding only.

FOR ANIMAL USE ONLY.
