

Look Familiar?

If this looks like your athletic field, it's time to renovate using Pennington's top performing seeded bermudagrass varieties. Products like Princess-77, Bermuda Triangle and Sovereign bermudagrasses will revitalize your abused turf with improved turf density, color and wear tolerance.

"[Sovereign] is one of the best seeded bermudagrass varieties we have used and it really stands up well to the abuse it gets on our practice field."

— Mark Moran, professional turf manager
Atlee High School, VA
