

Zoo Med's Aquatic Newt Food is a high protein, soft moist food developed by zoo nutritionists specifically for aquatic newts.

CAPTIVE CARE RECOMMENDATIONS:

Always use dechlorinated water (Use Zoo Med's Reptisafe Water Conditioner).

Do a 30% water change weekly and use a good filter in your terrarium (We recommend Zoo Med's Microclean 304 or 316 filter).

Try **not** to handle your newt(s) as this causes undue stress. **Always** wash your hands after handling any reptile or amphibian.

AQUATIC NEWT FOOD

**A Soft
Moist Diet**

**For All Types
of Aquatic Newts**

NET WT 2.0 oz (56.6 g)

FEEDING INSTRUCTIONS:

Zoo Med's Aquatic Newt Food is designed for aquatic species of newts living primarily in water. Feed 3-4 pellets per newt once or twice per day. Drop pellets in front of their nose (in the water) for optimum feeding response. Remove any uneaten food after 2 hours.

NOT FOR HUMAN CONSUMPTION.

INGREDIENTS:

Fish Meal (Anchovy), Wheat Flour, Fish Oil, Krill Meal, Soy Protein Concentrate, L-Lysine, L-Ascorbyl-2-Polyphosphate (stabilized source of Vitamin C), Choline Chloride, Vitamin E Supplement, Niacin, d-Calcium Pantothenate, Riboflavin, Thiamine Mononitrate, Biotin, Pyridoxine Hydrochloride, Folic Acid, Vitamin A Supplement, Vitamin D₃ Supplement, Vitamin B₁₂ Supplement, Manganese Sulfate, Zinc Sulfate, Ferrous Sulfate, Copper Sulfate, Sodium Selenite, Potassium Iodate, Propionic Acid (preservative), Sorbic Acid (preservative), Propylene Glycol, Canthaxanthin, Ethoxyquin (preservative).
