Zilla® Reptile Munchies Vegetable & Fruit Mix

is a quick and convenient way to provide reptiles a variety of desirable green vegetables and fruits they prefer. Select sun dried and dehydrated ingredients are specifically chosen for herbivorous animals like Bearded Dragons, Uromastyx, Iguanas and Tortoises.

Nutritious and naturally high in beneficial vitamins, Zilla® Reptile Munchies are ideal for feeding alone, in addition to leafy greens, pellet diets, or as a treat.

By using select dehydrated and sun dried ingredients, Zilla® Reptile Munchies will more fully rehydrate while maintaining beneficial nutrients and appealing color. This also allows for convenient storage of the unused food by simply resealing the bag – no refrigeration required.
