Pet Electrolyte Concentrate

Makes 32oz

Great For
Agility Dogs &
Hunting Dogs

For Dogs & Cats

Oral Electrolyte

- Heat Stress • Vomiting • Diarrhea
- Post Op • Mild Dehydration

NET 16 FL. OZ. (480 ml)

For use in dogs and cats.

Recommended to maintain hydration in times of mild fluid loss due to vomiting and/or diarrhea, or whenever solid food cannot be tolerated.

Also recommended to help rehydration due to high activity levels such as with agility dogs.

Suggested Use:

Mix one 16oz bottle of Pet Electrolyte Concentrate with 16oz of water.

For post-op recovery or lack of appetite give for 2-4 days; for vomiting or diarrhea, small frequent amounts (3 to 4 oz.) 3 - 4 times a day until tolerance is established.

For animal use only.
