

ALL NATURAL  
**ALFALFA HAY**

**From the Field to your Home...**

At Kaytee we believe quality starts from the ground up. Naturally grown without pesticides, our farmers grow hay specifically for small pets. The way hay is grown, harvested, and stored can determine the nutritional value for your small pet.

Kaytee® Alfalfa Hay is higher in protein than Timothy Hay, making it a great option for growing or breeding small animals.

**Kaytee® All-Natural Alfalfa Hay Supports a Healthy Diet**
