Conversion and Feeding Instructions

When introducing a new food, begin with a mixture of "old and new" food, gradually increasing the amount of new food over a 7 to 10 day period. This will prevent digestive upset as well as allow your pet to adjust to the new food. Adjust portions for proper weight maintenance and when feeding additional pets. Discard any uneaten food and clean dish before each feeding.

Daily Feeding Amount

Small Rabbit Breed 1/4 to 1/2 Cup (Approx. 35 g to 70 g)
Large Rabbit Breed 1/2 to 1 Cup (Approx. 70 g to 140 g)
Feed young rabbits (6 months and younger), and breeding and lactating rabbits, free choice Kaytee® Alfalfa Hay. Provide adult rabbits (over 6 months) free choice Kaytee® Timothy Hay.

Allergen information: Contains peanuts and/or tree nuts.

Storage Instructions: A naturally preserved product needs special attention to maintain maximum freshness. After opening bag, remove air and reseal tightly. Use the food within 30 to 45 days. Store in a cool, dry location. Refrigerate or freeze for extended storage.

Satisfaction Guarantee: If you are not completely satisfied, simply return the unused portion with cash register receipt to:
