

Zilla

REPTILE MUNCHIES OMNIVORE MIX

with
Calcium

- Quick and convenient
- No refrigeration required
- A wide variety of pre-cut ingredients

Zilla® Reptile Munchies Omnivore Mix With Calcium is a quick and convenient way to provide reptiles a variety of desirable green vegetables and insects they prefer. Select sun-cured and dehydrated ingredients are chosen for omnivorous reptiles like Bearded Dragons, Water Dragons, Tegus, and Box Turtles.

Nutritious Zilla® Reptile Munchies are ideal for *feeding alone*, in addition to leafy greens, pellet diets, or as a *treat*.

By using select dehydrated and sun-cured ingredients, Zilla® Reptile Munchies will fully rehydrate while maintaining beneficial nutrients and appealing color. This also allows for convenient storage of the unused food by simply resealing the bag – no refrigeration required.

Feeding Instructions

Spray or mist food with water until it is soft and moist. Avoid oversaturating food with excess water as this will wash away the calcium coating. Place food in large, shallow feeding dish. Always feed the appropriate amount of food for the size of the animal. Remove uneaten food.

Guaranteed Analysis:

Crude Protein (min.)....	17.0%	Moisture (max.).....	10.0%
Crude Fat (min.).....	6.0%	Calcium (min.).....	2.0%
Crude Fiber (max.).....	6.0%
