

**NATURAL FOREST TORTOISE DIET with
Added Vitamins And Minerals**

- Correct fiber and protein levels for normal growth and proper shell development.
- Contains chopped grasses (Oat, Timothy, and Alfalfa) to provide **long-stem fiber**, an important part of the natural diet of Forest Tortoises.
- Contains small amounts of fruit (papaya & mango) and animal protein to meet the unique dietary requirements of Forest Tortoises.
- Contains flavorful **Dandelion Greens, Yucca**, and other plants that tortoises love!
- **Natural!** No artificial colors, flavorings, or preservatives added.

Perfect for the following Forest Tortoise species: Red-foot Tortoise (*Geochelone carbonaria*), Yellow-foot Tortoise (*Geochelone denticulata*), Elongated Tortoise (*Indotestudo elongata*), Hingeback Tortoises (*Kinixys* spp.), Burmese Brown Tortoise (*Mauritia emeryi*), and Asian and American Box Turtles.

* Pyramiding is **NOT** normal, and is likely caused by poor diet (high protein/low fiber) and low humidity.

Natural FOREST TORTOISE FOOD

With added vitamins
and minerals

Perfect for all
FOREST TORTOISE species
such as: Red-foot, Yellow-foot,
Elongated, Hingeback,
Burmese Brown Tortoises, and
Asian and American
Box Turtles.

Net Wt.
8.5 oz. (240 g)

No artificial preservatives,
colors, or flavors

FEEDING INSTRUCTIONS:

Moisten pellets with water to stimulate feeding behavior and create a flavorful mash that tortoises love. Many tortoises enjoy lettuce; however diets made of mostly lettuce are unnaturally high in protein and low in fiber. If your tortoise will only eat lettuce, thoroughly mix small amounts of lettuce into moistened Natural Forest Tortoise Food. Slowly reduce the amount of lettuce offered at each feeding until your tortoise has switched to Natural Forest Tortoise Food. Zoo Med's Can O' products (i.e. Can O' Worms and Can O' Snails) are enjoyed by Forest Tortoises and can be offered occasionally.
