Cardinals, Nuthatches, Juncos & More

NET WT 1.85 LB (0.84 kg)

Packed
with Nuts
& Fruits

Birds require lots of energy for flying, for keeping warm and for many other daily activities. By offering the right high energy foods that birds like, you can attract them to your feeder and help them replenish their bodies. Poured for pound, nothing offers more energy than nuts, mealworms and fruits. KAYTEE® seed cakes are convenient to use, create less mess and last longer than loose seed.
