

ADVANCED
ORAL CARE

...because the LOVE for your dog is serious

Preventative dental care may reduce your puppy's risk of developing oral disease. Establishing a routine of proper and easy dental care helps maintain oral health which may extend the life of your pet.

THIS KIT INCLUDES:

PET TOOTHPASTE – Ultra Clean Tartar Control for maximum results

TOOTHBRUSH – Ultra-soft nylon tips clean between teeth

FINGER BRUSH – Easily slips over finger to gently remove plaque and food debris

EASY DIRECTIONS:

- Begin by letting your puppy taste a small amount of tasty Nylabone® Dental Toothpaste. Using your finger, gently rub teeth and gums in a circular motion.
- Introduce the toothbrush or finger brush with a small amount of toothpaste.
- Allow your puppy to taste the toothpaste, then start brushing gently with a back & forth motion (no rinsing is necessary).

INGREDIENTS: Sorbitol, Hydrated Silica, Vegetable Glycerin, Purified Water, Ascorbic Acid Phosphate, Sodium Hexametaphosphate, Magnesium Aluminum Silicate, Sodium Lauryl Sulfate, Titanium Dioxide, Natural Flavor, Cellulose Gum, Tetrasodium Pyrophosphate, Sodium Benzoate, Potassium Sorbate, Sodium Copper Chlorophyllin

WARNING: Avoid contact with the eyes. Keep out of reach of children. Store at room temperature. Never use human toothpaste, as it may upset your pet's stomach. Made in a manufacturing facility that may process peanuts.

If dissatisfied, return to Nylabone® for replacement; please include sales receipt for refund.
