

# COUNTRY NATURALS®

NATURAL DOG FOOD WITH VITAMINS & MINERALS ADDED

## THE FINEST INGREDIENTS

...are brought daily to a small town in the rolling farmlands of upstate New York. There they are tested, washed, blended, cooked and then inspected before being packaged and shipped to your local pet store. Your independent pet food retailer thoroughly researches every brand, and his or her selection of Grandma Mae's Country Naturals is an indication of the high quality of our products:

- No by-products, artificial colors, flavors or preservatives
- No corn, soy, wheat, gluten, dairy, or ethoxyquin
- Tested to be salmonella-free
- Brand owned by independent pet food retailers
- Better quality Ingredients than other formulas that look similar

## FEEDING GUIDELINES FOR ADULT DOGS

Dogs may be fed once or twice a day depending on your preference. Most dogs whose recommended daily ration exceeds two cups should have two feedings of equal amounts at different times of day. Please use this chart as an initial recommendation only. Your dog's food requirement may vary from the feeding guidelines below due to age, breed, environment, activity level, and body condition.

Adjust food quantities as necessary to maintain an ideal body weight. Avoid overfeeding. Keep fresh, clean drinking water available at all times for your pet.

Feed Pregnant Dogs 50% more during last 3 weeks of pregnancy. During Lactation dogs require twice the amount as an adult dog and should be fed 3 or 4 times a day.

## DAILY FEEDING FOR ADULT DOGS

WEIGHT OF DOG	DRY DIET
1.5 - 4.5KG (3-10 LBS)	¾ - 1¼ CUPS
4.5 - 9KG (10-20 LBS)	1¼ - 1¾ CUPS
9-13.5 KG (20-30 LBS)	1¾ - 2¼ CUPS
13.5-18 KG (30-40 LBS)	2¼ - 2¾ CUPS
18-32 KG (40-70 LBS)	2½ - 3¾ CUPS
32-40 KG (70-90 LBS)	3¼ - 4 CUPS
40-45 KG (90-100 LBS)	4 - 4½ CUPS

## FEEDING GUIDELINES FOR PUPPIES

If your puppy is 5 months or less feed the recommended total daily amount divided into three small meals a day, once he/she is ready for solid food. From 6 to 12 months, feed the daily amount divided into two meals a day. From 13 to 18 months, feed once a day, except for dogs whose daily ration exceeds two cups: these dogs may be fed twice a day. Please use this chart as an initial recommendation only. Every puppy is different and may have special feeding requirements based on exact size, age, activity levels, and body condition. Avoid overfeeding. Keep fresh, clean drinking water available at all times for your pet.

## DAILY FEEDING FOR PUPPIES

AGE ↓	WEIGHT AT MATURITY →

## Why Pork as a Protein Source? It's Nutritious and Different.

Protein from Pork sources is perfect for your dog. Our pet nutrition experts who have PhD's and other advanced degrees have created Farmhouse Blend, the perfect food for your dog. Lean pork is wholesome, nutritious, great for the digestive system--and dogs love it. Our experts agree it's a good idea to switch your dog from lamb, beef, or chicken to a different protein source.

## Here is What our Product Looks Like...

The medium-sized kibble means it is an excellent food for dogs of all sizes. As a natural product the color of each piece may vary slightly.
