

PREMIUM FERRET LITTER

Enjoy your pet even more with
Marshall Premium Ferret Litter!

Marshall Premium Ferret Litter

is not the same as traditional cat or ferret litters. Ferrets use the litter pan every 2-3 hours and require a litter that has incredible absorbency and odor control. As breeders of ferrets, we designed the best quality litter that does both. The Marshall Ferret Litter has become the ferret owner's litter of choice for the following reasons:

Outstanding Odor Control

Marshall Premium Ferret Litter combats and controls ferret odors better than traditional clay and wood based litter. Our natural paper fibers and special odor control ingredients work together to neutralize unwelcome ammonia odors on contact. We guarantee you will notice an immediate difference when you use Marshall Premium Ferret Litter.

Superior Absorbency

Marshall Premium Ferret Litter is a unique litter made from specially processed recycled paper fibers. It can absorb up to 400% more than traditional clay or wood based litters. Pellets are so absorbent that they do not break apart when wet or cake to the bottom of the litter pan. This leaves a much healthier environment for your ferrets and clean-up is much easier.

Dust Free & Non-Allergenic

Ferrets are susceptible to upper respiratory problems. Marshall Premium Ferret Litter is dust free so it won't cause sneezing or upper respiratory distress like other litters can. Marshall Premium Ferret Litter is also the recommended litter for ferrets that have received postoperative care as it will not stick, irritate or track.

Environmentally Safe, Biodegradable and Flushable

Marshall Premium Ferret Litter is made with 100% recycled paper and is safe to flush in small amounts (3-6 oz.) It is also biodegradable and can be used as landscape mulch, composted or incinerated.

Directions

Because Marshall Premium Ferret Litter is so absorbent, only a small amount is needed. Pour approximately 1 inch (2-3 cm) covering the bottom of your pet's litter pan. We recommend daily skimming to remove solid waste. Change the litter pan weekly or as necessary. Store in a cool, dry place.

Guarantee

Thank you for using Marshall Premium Ferret Litter. If you are not completely satisfied with this product, you may return the unused portion in the original package to the place of purchase for a full refund of the purchase price.
