

Bird•B•Gone®

Stainless Steel Bird Spikes

#1 Specified Bird Spike
By Architects, Engineers &
Government Agencies!

Bird-B-Gone Stainless Steel Bird Spikes™ are a physical bird deterrent used to prevent birds from landing on flat or curved surfaces. The uneven surface humanely blocks birds from unwanted areas.

- ▶ Lowest Cost Stainless Steel Bird Spike!
- ▶ Patented Design!
- ▶ Industry Leading 10 Year Guarantee!

Made by Bird-B-Gone in the USA!

Advantages & Benefits

- Patented bend and crush design for permanent installation!
- Humane, does not harm birds!
- Virtually invisible!
- No gap design. Best spacing to prevent birds from landing or nesting!
- Made of a U.V. protected polycarbonate base with stainless steel spikes!
- Flexible! Two foot sections bend 360°!
- Comes in four widths: 1", 3", 5" & 8"!
- Easy to install. Can be glued, screwed or tied down!

Patented US 6250023 / US 6775950

Patented US 6250023 / US 6775950

Underside View

Pins are permanently anchored in the base of the spike

1/4" Screw holes for screw attachment

To Install: Surface should be clean and dry before installation. Select width of bird spike based on the surface to be covered leaving no more than 1" on either side for birds to land. Glue, screw or tie down to the surface.

Bird-B-Gone offers construction grade adhesives for fast and easy installation.
