

Zilla® Calcium Supplement is a convenient spray that can be directly applied to a reptile's food.

Many reptiles, especially those that are insectivores and herbivores, benefit significantly from calcium supplements since foods, like insects, certain greens and vegetables, can be naturally low in calcium. For best results, most species of lizards and turtles require exposure to "full-spectrum" lighting with UVB and UVA.

Ideal for all reptiles and amphibians including Bearded Dragons, Geckos, Chameleons, Water Dragons, Tegus, Monitors, Skinks, Boas, Pythons, Corn Snakes, Milk Snakes, King Snakes, Green Iguanas, Frogs, Toads, Turtles, Tortoises and Hermit Crabs.

Directions

1. Shake well before use.
2. Spray directly onto food (e.g., crickets, meal worms, mice, vegetables).
3. Allow spray to dry for 15 seconds before placing food in terrarium.
4. For use in animals with calcium deficiency: Administer 3 drops orally every day. Consult a veterinarian in cases involving extreme metabolic bone disease.

Guaranteed Analysis

Calcium (Min)0.17%

Ingredients

Water, Calcium Gluconate, Calcium Carbonate, Calcium Chloride, Potassium Sorbate, Sodium Benzoate, Xanthan Gum

CAUTION:

Do not spray directly onto pet.
Keep out of reach of children
Always wash hands after handling reptiles
