IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops.

Ingestion

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Get medical advice/attention if you feel unwell.

Most Important Symptoms/Effects

Acute

Dust may cause irritation of the respiratory tract, eyes, skin.

Delayed

No information available

Note to Physicians

Treat symptomatically and supportively.

Section 5 - FIRE FIGHTING MEASURES

Extinguishing Media

Suitable Extinguishing Media

Use extinguishing agents appropriate for surrounding fire.

Unsuitable Extinguishing Media

Water may be ineffective.

Special Hazards Arising from the Chemical

Avoid generating dust; fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.

Hazardous Combustion Products

None known

Advice for firefighters

Wear protective clothing and equipment suitable for the surrounding fire.

Fire Fighting Measures

Combustible dust possible.

Special Protective Equipment and Precautions for Firefighters

Wear personal protective clothing and equipment such as self-contained breathing apparatus (SCBA) for protection against possible exposure.

Section 6 - ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures

Avoid contact with eyes. Wear personal protective clothing and equipment. Avoid generating dust. ELIMINATE all ignition sources (no smoking, flares, sparks, or flames) within at least 50 m.

Methods and Materials for Containment and Cleaning Up

Safety Data Sheet

Material Name: Earth Juice SeaBlast Transition

Avoid generating dust. Use personal protection equipment, PPE. Dust deposits should not be allowed to accumulate on surfaces, as these may form an explosive mixture if they are released into the atmosphere in sufficient concentration. Non-sparking tools should be used when working with dust.

Environmental Precautions

Avoid release to the environment. Prevent entry into sewers, drains, ditches, underground or confined spaces and waterways.

Section 7 - HANDLING AND STORAGE

Precautions for Safe Handling

Observe good hygiene and safety practices when handling this product. Avoid contact with eyes. Do not ingest. Seek medical attention if material is ingested. Do not eat, drink or smoke when using this product. Wash thoroughly after handling.

Conditions for Safe Storage, Including any Incompatibilities

Keep container tightly closed in a cool, well-ventilated place. Keep dry. Keep away from heat, sparks, open flame, and hot surfaces - No smoking.
