Conversion and Feeding Instructions

When introducing a new food, begin with a mixture of "old and new" food, gradually increasing the amount of new food over a 7 to 10 day period. This will prevent digestive upsets as well as allow your pet to adjust to the new food. Adjust portions for proper weight maintenance and when feeding additional pets. Discard any uneaten food and clean dishes before each feeding.

Daily Feeding Amount

Guinea Pig 1/4 to 1/2 Cup (Approximately 35 g to 70 g)
Always consult your veterinarian for feeding instructions.

Allergen Information: Manufactured in a facility that processes peanuts and/or tree nuts.

Acide ascorbique (min.)	100 mg/lb

Ingredients: Farine de blé dur séchée au soleil, maïs moulu, tourteau de soja désoyé, avoine moulue, gru blanc de blé, phosphate de dicalcium, mélasse de canne séchée, huile de soja, sel, sulfonate de lignine, chlorure de potassium, oxyde de magnésium, carbonate de calcium, L-ascorbyl-2-phosphate (source de vitamine C), DL-méthionine, extrait de yucca schottigera, supplément de vitamine A, chlorure de choline, mélange de tocophérols (conservateur), sulfate de fer, supplément de riboflavine, oxyde de manganèse, oxyde de zinc, supplément de vitamine B12, supplément de vitamine E, niacine, sulfate de cuivre, complexe de bisulfite sodique de ménaquinone (source de vitamine K), extrait de romarin, acide citrique, cholecalcérol (source de vitamine D3), pantothénate de calcium, chlorhydrate de pyridoxine, mononitrate de thiamine, acide folique, sélénite de sodium, carbonate de cobalt, sélénite de sodium.

Instructions pour la conversion et l'alimentation

Lorsque vous introduisez un nouvel aliment, commencez avec un mélange d'aliments anciens et nouveaux, et augmentez progressivement la quantité de nouvel aliment au cours d'une période de 7 à 10 jours. Ceci évitara les problèmes digestifs et permettra à votre animal de s'habituer à la nouvelle chose de manger. Adaptez les portions pour un maintien de poids approprié et en cas d'alimentation d'animaux supplémentaires. Jetez tout aliment non consommé et nettoyez le contenant avant chaque distribution d'aliments.

Quantité de nourriture quotidienne

Cochonnet 1/4 à 1/2 gobelet (Approximativement 35 g à 70 g)
Conseil: Informez-vous sur les allergies. Produit fabriqué dans un établissement qui traite les arachides et/ou autres noix.

Proteína cruda (min.)	18.0%
Grasa cruda (min.)	3.0%
Fibra cruda (max.)	16.0%
Humedad (max.)	12.0%
Ácido ascórbico (min.)	100 mg/lb

Ingredientes: Harina de alfalfa curada al sol, maíz molido, harina de soja sin cáscara, avena molido, trigo molido mediano, forraje de cebada, melaza de caña seca, aceite de soja, sal, sulfonato de lignina, cloruro de potasio, óxido de magnesio, carbonato de calcio, L-ascorbo-2-polifosfato (fuente de vitamina C), DL-metionina, extracto de yucca schottigera, suplemento de vitamina A, cloruro de colina, tocoferoles mezclados (conservante), sulfato ferroso, suplemento de riboflavina, óxido de manganeso, óxido de zinc, suplemento de vitamina B12, suplemento de vitamina E, niacina, sulfato de cobre, complejo de bisulfito de sodio de menaquinona (fuente de actividad de vitamina K), extracto de romero, ácido cítrico, calcio (fuente de vitamina D3), pantoténate de calcio, hidrocloreto de piridoxina, mononitrato de tiamina, ácido fólico, yodato de calcio, biotina, carbonato de cobalto, selenito de sodio.

Conversión e instrucciones para la alimentación

Cuando introduce un nuevo alimento, comience con una mezcla de alimentos "nuevos y viejos", aumentando gradualmente la cantidad del nuevo alimento en un periodo de 7 a 10 días. Esto evitará problemas digestivos y también le permitirá a su mascota acostumbrarse a algo nuevo. Ajuste las porciones para el mantenimiento del peso adecuado y cuando alimente a más mascotas. Descarte el alimento que no se haya consumido o limpie el plato antes de servir cada ración de alimento.

Cantidad de alimento por día

Conejillo de indias 1/4 a 1/2 taza (Aproximadamente 35 g a 70 g)
Información sobre alergias: Fabricado en una instalación que procesa cacahuetes y/o otros frutos.

Storage Instructions: A naturally preserved product needs special attention to maintain maximum freshness. After opening bag, remove air and reseal tightly. Use food within 30 to 45 days. Store in a cool, dry location. Refrigerate or freeze for extended storage.

Satisfaction Guarantee: If you are not completely satisfied, simply return the unused portion with cash register receipt to Kaytee Guarantee.
