

THERMACELL®

MOSQUITO PROTECTION ZONE

A family of four is camping in a forest at night. A man and a woman are standing near a tent, while a young man and woman are sitting on the ground around a campfire. A glowing, hexagonal mesh structure, representing the Thermacell protection zone, is visible in the background. The scene is illuminated by the campfire and a lantern.

THERMACELL®

MOSQUITO PROTECTION ZONE

START YOUR NEXT ADVENTURE WITH THERMACELL

The outdoors has always been our escape, our playground, and where we most prefer to work. No matter what we are running to or running from, enjoyment of the outdoors is a common thread for us here at Thermacell.

Not surprisingly, we believe that fresh air and open spaces should be shared with friends and family...not mosquitoes. For those of you who want to be outdoors, we exist to provide protection from those pests and freedom to enjoy the outdoors without worry or annoyance.

Peer reviewed studies show Thermacell is up to 96% effective and 8x more effective than citronella. The same studies show that Thermacell area repellents provide the largest area of coverage (15 x 15 ft). We believe so strongly in our technology, that we guarantee 100% consumer satisfaction.

Our mission is to liberate people who love the outdoors from the harmful effects of mosquitoes. So let's book those campsites, secure those fishing licenses, purchase those tags, and get outdoors!

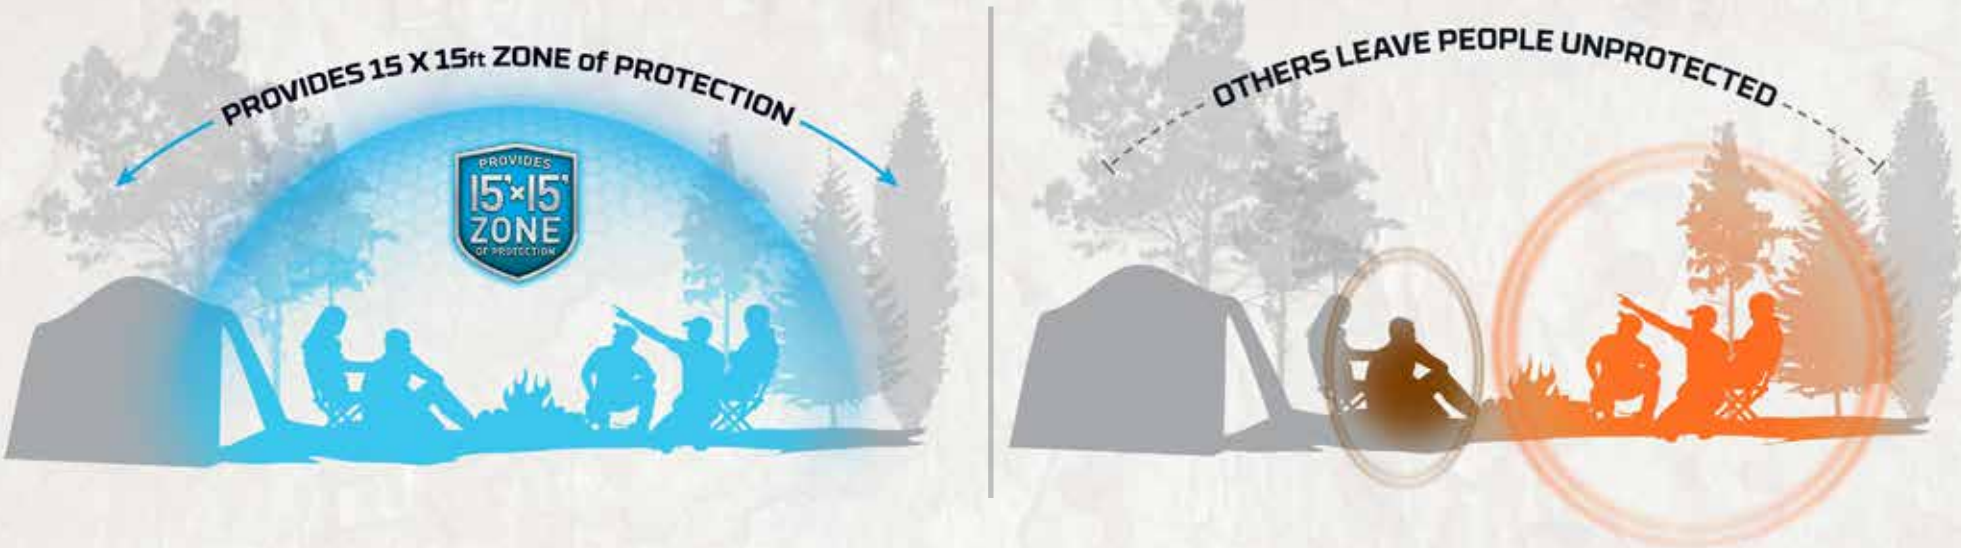

THE MOST EFFECTIVE MOSQUITO REPELLENT

UP TO **96%** EFFECTIVE*

Entomologists from eight leading universities and various government agencies, including the US Department of Agriculture, have performed extensive field tests with Thermacell products. Using human volunteers in monitored experiments, these studies all concluded Thermacell to be highly effective in repelling mosquitoes, black flies and other biting insects.

THE CAMP LANTERN THAT REPELS BUGS

The perfect day and the perfect campsite can be quickly undone by annoying mosquitoes. Rugged Thermacell camp lanterns and durable Thermacell repellents allow you to quickly surround your site with a 15'x15' Zone of Protection. With the new Max Life mat, your site is protected for 12 continuous hours – all day or all night. Enjoy the outdoors more and stress less.

100%
SATISFACTION
GUARANTEED

If Thermacell products do not perform to your satisfaction, you may return it to us for repair, replacement or refund.

Thermacell
PATIO SHIELD™
Mosquito Protection

**NO SPRAY. NO SCENT.
NO MOSQUITOES.**

Spending time in the backyard with friends and family used to mean oily sprays, open flame torches, or smelly candles. Thermacell Patio Shield products provide powerful mosquito repellency in lanterns with attractive, flickering, LED lights. Kick back, relax, let Thermacell do the work of keeping out uninvited mosquitoes, black flies and no-see-ums with a 15'x15' Mosquito Free Zone of Protection over your deck, patio, or garden.

8X MORE EFFECTIVE THAN CITRONELLA*

MR-XJ 6.25" x 2.25" x 10.50"

Thermacell 4-Hour, Max Life and Earth Scent repellent mats work in all Patio Shield torches, lanterns and repellers.

BE INVISIBLE

Movement, sound and scent. These are three things that can quickly alert prey to your presence. Thermacell products allow you to create a 15'x15' Zone of Protection. The optional Earth Scent mats mask your scent and repel mosquitoes and biting insects that can blow your cover. Be sure to pack Thermacell with your hunting gear and stay safe, focused, and undetected.

If Thermacell products do not perform to your satisfaction, you may return it to us for repair, replacement or refund.
